## **Attendance Requirements**

---

### WBUonline

Students are expected to participate in all required instructional activities in their courses. Online courses are no different in this regard; however, participation must be defined in a different manner. Student “attendance” in an online course is defined as active participation in the course as described in the course syllabus. Instructors in online courses are responsible for providing students with clear instructions for how they are required to participate in the course. Additionally, instructors are responsible for incorporating specific instructional activities within their course and will, at a minimum, have weekly mechanisms for documenting student participation. These mechanisms may include, but are not limited to, participating in a weekly discussion board, submitting/completing assignments in Blackboard, or communicating with the instructor. Students aware of necessary absences must inform the professor with as much advance notice as possible in order to make appropriate arrangements. Any student absent 25 percent or more of the online course, i.e., non-participatory during 2 or more weeks of an 8-week session, may receive an F for that course. Instructors may also file a Report of Unsatisfactory Progress for students with excessive non-participation. Any student who has not actively participated in an online class prior to the census date for any given session is considered a “no-show” and will be administratively withdrawn from the class without record. To be counted as actively participating, it is not sufficient to log in and view the course. The student must be submitting work as described in the course syllabus. Additional attendance and participation policies for each course, as defined by the instructor in the course syllabus, are considered a part of the university’s attendance policy.

### **Artificial Intelligence: Generative AI tools permitted in specific context and with proper citations.**

- i. Students are allowed to use, reference, or incorporate generative AI tools into specific assignments for this course. When used, students must properly cite the generative AI tool in their submitted work.
- ii. While there is no true substitute for direct help and instruction for your instructor, students may be allowed to use generative AI tools to provide further explanations of course content, readings, and other assignments. Any use of generative AI tools to help further explain or translate content must be properly referenced and cited.
- iii. Specific parameters for generative AI usage are provided by the instructor.
- iv. Any use of generative AI tools outside of the approved instructor parameters will be considered a form of plagiarism and academic dishonesty.

**Disability Statement:** In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Disability Services Coordinator and Academic Coach serves as the coordinator of students with disabilities and must be contacted concerning accommodation requests. Office: (806) 291-1057. Documentation of a disability must accompany any request for accommodations.

Utilizing the information from the textbook, Christian Scriptures, and scholarly research, students will complete an assigned research paper.

**Student Grade Appeals:** Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Vice President of Academic Affairs to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.

## Tentative Schedule

---

Calendar, Topics, and Assignments. Instructor should include a schedule indicating the dates the class will meet, topics to be covered, requirements, and approximate date for fulfilling each requirement. This is generally incorporated into the course calendar.>>

### **Research Scholarly articles for Dialogs.**

**Instructions:** One response to the **Prompt (question)** with at least three sources; one can be the textbook and **two replies** to other students (each reply should have at least two sources).

You may use generative AI tools (e.g., ChatGPT, Claude, Gemini) for the following purposes only:  
\*Summarizing or explaining textbook theories (for your understanding)

- \*Generating ideas or outlines
- \*Rephrasing your own drafts for clarity

You may not use AI to:

- \*Write full paragraphs or the entire paper
- \*Generate citations or fabricate sources or guess citations
- \*Paraphrase academic articles without reading them yourself and understanding them

Proper Citation for AI use:

\*If you use a generative AI tool in any capacity, you must include a “Use of Generative AI” statement at the end of your assignment, (See example below):

Use of Generative AI: I used ChatGPT (April 2024 version) to help brainstorm an outline and explain the differences between Maslow’s and Self-Determination Theory. All ideas are my own, and sources are properly cited.

\*Failure to include this statement, or use beyond these parameters, will be treated as a violation of the academic honesty policy.
