Course Outcome Competencies:

Upon completion of this course the student should be able to:

1. Understand basic database concepts, including the structure and operation of the relational data model.
2. Construct simple and moderately advanced queries using Structured Query Language (SQL).
3. Understand and be able to apply logical database design principles, including E-R diagrams and database normalization.
4. Design and implement a small database project.
5. Understand the concept of a database transaction and related database facilities.

Attendance Requirements:

Students are expected to participate in all required instructional activities in their courses. In this course, your weekly assignments will be the measure of attendance. Any week in which a student does not complete any work, the student will be considered "absent." Any student absent 25% or more (i.e., non-participatory during 3 or more weeks of the term) will receive an F for the course.

Statement on Plagiarism and Academic Dishonesty:

Wayland Baptist University observes a zero tolerance policy regarding academic dishonesty. Per university policy as described in the academic catalog, all cases of academic dishonesty will be reported and second offenses will result in suspension from the university.

Disability Statement:

In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Coordinator of Counseling Services serves as the coordinator of students with a disability and should be contacted concerning accommodation requests at (806) 291-3765. Documentation of a disability must accompany any request for accommodations.

Course Requirements and Grading Criteria:

Homework: There will be homework assignments for each section covered. The assignments will be completed in WebAssign which will be accessible through Blackboard. Each section's assignment counts as one grade. You may work together, but do not copy. No late homework will be accepted. If there are extreme circumstances, contact your instructor. The three lowest homework assignments will be dropped.

Weekly Quizzes: At the end of each week of the course, you will be required to complete an online quiz covering the sections from that week. The quizzes will be completed in WebAssign which will be accessible through Blackboard. You can take the quiz up to three times and your highest score will be counted.

Exams: During the course, there will be two major exams: a Midterm and a Final. Each test will cover approximately half the course. Both of the tests are to be taken in person at one of the external campuses or a testing center. They will be paper and pencil tests which will be mailed to your instructor for grading. They must be proctored by an approved representative of the University.

Lecture Videos and Notes: You will be required to watch the videos for this course and completely fill in the lecture notes for each section. This will be verified at each of the proctored exams. You will be required to bring it to the exams, although you cannot use it while taking the exam.

Grade Calculation:

10%	Homework
20%	Weekly Quizzes
40%	Exams (2 at 20% each)
30%	Assignments/Database Project

A: 90 – 100 B: 80 – 89 C: 70 – 79 D: 60 – 69 F: Below 60

Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Executive Vice President/Provost to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.
