When a student reaches that number of absences considered by the instructor to be excessive, the instructor will so advise the student and file an unsatisfactory progress report with the campus executive director. Any student who misses 25 percent or more of the regularly scheduled class meetings may receive a grade of F in the course. Additional attendance policies for each course, as defined by the instructor in the course syllabus, are considered a part of the University's attendance policy.

Discussion Board Forum: The weekly discussion board assignments will have a deadline of Wednesday and Sunday due by 1159 p.m. CST of the assigned weeks. This class requires active class participation. **You must make substantive contributions** to the threaded discussion each week. Respond to some or all the starter questions and additional responses from your classmates to make at least 1 post each discussion assignment. You can either support or refute the observations or hypothesis presented.

Exams: A mid-term exam will be given the 4th week of class and the final exam given on the last week of this course. These examinations will be unique for this course and in essay form.

Research Paper: An in-depth term paper project must also be developed on an approved topic encompassing extensive library and Internet research. Topics for papers must be pre-approved by the professor. **All papers must be written using the APA style.** The paper should be a minimum of five pages of content, excluding cover sheet, abstract and references, and should utilize at least ten scholarly references. A simple compilation of the authoritative works on a subject will be necessary but insufficient to properly complete the project. A thorough analysis of the subject must be made with conclusions developed by the student. This paper is due no later than the seventh week of the scheduled term and will be worth 20% of the student's final grade. The paper will be submitted via SafeAssignment and via e-mail.

17.1 Include Grade Appeal Statement: "Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Vice President of Academic Affairs/Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation."
