Attendance Requirements

WBU Online

Students are expected to participate in all required instructional activities in their courses. Online courses are no different in this regard; however, participation must be defined in a different manner. Student “attendance” in an online course is defined as active participation in the course as described in the course syllabus. Instructors in online courses are responsible for providing students with clear instructions for how they are required to participate in the course. Additionally, instructors are responsible for incorporating specific instructional activities within their course and will, at a minimum, have weekly mechanisms for documenting student participation. These mechanisms may include, but are not limited to, participating in a weekly discussion board, submitting/completing assignments in Blackboard, or communicating with the instructor. Students aware of necessary absences must inform the professor with as much advance notice as possible in order to make appropriate arrangements. Any student absent 25 percent or more of the online course, i.e., non-participatory during 2 or more weeks of an 8-week session, may receive an F for that course. Instructors may also file a Report of Unsatisfactory Progress for students with excessive non-participation. Any student who has not actively participated in an online class prior to the census date for any given session is considered a “no-show” and will be administratively withdrawn from the class without record. To be counted as actively participating, it is not sufficient to log in and view the course. The student must be submitting work as described in the course syllabus. Additional attendance and participation policies for each course, as defined by the instructor in the course syllabus, are considered a part of the university’s attendance policy.

University Policies

Statement on Plagiarism and Academic Dishonesty: Wayland Baptist University observes a zero tolerance policy regarding academic dishonesty. Per university policy as described in the academic catalog, all cases of academic dishonesty will be reported and second offenses will result in suspension from the university.

Disability Statement: In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Director of Counseling, Career and Disability Services serves as the coordinator of students with disability and should be contacted concerning accommodation request at (806) 291-3765. Documentation of a disability must accompany any request for accommodations.

Accessibility issues with content in WBUonline courses or in Blackboard should be addressed to the WBU accessibility coordinator, Dr. Trish Ritschel-Trifilo, trifilot@wbu.edu or call (806) 291-3745.

Student Grade Appeals: Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Vice President of Academic Affairs to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.

Course Requirements and Grading Criteria

Grading System:

	<u>Points</u>
Discussion Board Assignments (6 total worth 50 points each)	300points
Peer Responses (6 total worth 25 points each)	150points
Case Study Analysis	100points
Final Exam	100points
Research Paper	100 points

750 total points

Course Outcome Competencies: Upon completion of this course the student should be able to apply principles of counseling and understand the etiology of substance abuse, gambling, sex, and porn addiction. Students will be able to apply treatment theories to assist patients with these addictive disorders for abstinence and recovery.

1. Develop an understanding of the cause of addiction.
2. Explore various theories and applied research to the practice to addiction counseling.
3. Be able to assess and treat addiction.

Attendance Requirements: Although our class will never meet face to face, it is imperative that you log on to Blackboard and participate and complete the assignments weekly in a timely manner. As with any master level seminar, you need to read the assigned text, journal articles, watch any videos and be prepared to respond in a substantive manner. A part of the assignments is to practice writing scholarly and use proper APA format. That is just the foundation. Our goal is to transform Blackboard into a learning lab through interaction, engagement, and participation.

Effective online participation may include offering new and unique insights, clarifying issues and complexities, re-framing and extending ideas in meaningful ways, and offering a perspective that helps integrate and synthesize readings, ideas, and topics. There are no stupid questions (or answers). Every idea has merit and the capacity to create something bigger.

Disability Statement: “In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Coordinator of Counseling Services serves as the coordinator of students with a disability and should be contacted concerning accommodation requests at (806) 291- 3765. Documentation of a disability must accompany any request for accommodations.”

The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.

Course Assignments:

Assignments – Each assignment is due Sunday at midnight CST. The assignment will be 1-4 questions that you need to answer using the assigned readings for the week. Each question will state that the answer should be a synthesis of the readings, not summaries. Summaries of the assigned text, videos or journal articles will result in a grade of zero. For each question follows the criteria defined for that specific question, which includes word count, assigned text to be used, or outside articles incorporated (if applicable). The entire set of questions for the week will be worth 50 points all together. A peer response will be due for two of your peers in response to their discussion post using one outside journal article. The peer response will be worth 25 points.

Case Study

In week four a case study assignment will be due. This will be a application assignment to analyze a case study. After your analysis and reference to your readings, you will then develop an assessment and treatment plan. A few case studies will be available to choose from and develop your written assessment and formulation of a written treatment plan.

Final Exam

A final exam will be administered consisting of 50 multiple choice questions. The test will be submitted over the reading and written assignments in weeks 5-7. The exam is open book and will have a two hour limit.

Research Paper - A research paper will be completed on motivational interviewing theory and in comparison to cognitive behavioral therapy theory for addictions counseling. The paper should be a minimum of 10 pages of content, excluding coversheet and references. Ten to fifteen (10-15) peer reviewed, scholarly journal articles should be properly cited and noted in the bibliography. Please use APA format. The paper will be submitted to Safe Assignment. If Safe Assignment detects more than 20% match of previously written work, we will have a discussion. The total point value for this research paper is 100 points. This paper should include an introduction, literature review, discussion, and conclusion section. Please use these headings.

The University has a standard grade scale:

A 90-100, B = 80-89, C = 70-79, D = 60-69, F= below 60, W = Withdrawal, WP = withdrew passing, WF = withdrew failing, I = incomplete. An incomplete may be given within the last two weeks of a long term, within the last week of an 8-week session, or within the last two days of a microterm to a student who is passing, but has not completed a term paper, examination, or other required work for reasons beyond the student's control. A grade of "incomplete" is changed if the work required is completed prior to the last day of the next long 16-week term or 8-week session, unless the instructor designates an earlier date for completion. If the work is not completed by the appropriate date, the I is converted to an F.
