

**Wayland Mission Statement:** Wayland Baptist University exists to educate students in an academically challenging, learning-focused and distinctively Christian environment for professional success and service to God and humankind.

**Intermediate Algebra**  
**WBU Online Spring 2 2023**

MATH 1300 – VC01

**Instructor:**

Dr. Emilia Moore

**Email:** Emilia.moore@wayland.wbu.edu

**Course Description:**

**Description:** Basic concepts of algebra, real numbers, linear equations and inequalities, polynomials, factoring, systems of equations and inequalities, graphing and functions.

**Prerequisites:** None

**Required Resources:**

**Student Access Code:** Webassign Access Code – This will be provided for all students via Blackboard and charged to the student’s Wayland account.

Instructions for acquiring code will be provided in Blackboard.

**Supplies:** All students need to have a scientific calculator that has at least  $\log x$ ,  $\ln x$ , and the exponential function ( $e^x$ )

**Optional Resource:**

**Textbook (hard copy):** *Mathematics: Journey from Basic Mathematics Through Intermediate Algebra, 1<sup>st</sup> Edition*; Aufmann and Lockwood, 9781285192369

**NOTE: The hard copy of the textbook is optional. The access code grants access to an online copy of the textbook.**

**Assessment of Student Achievement:**

There are four components to student evaluation in this course.

1. **Lecture Videos and Practice Problems:** You will need to watch the videos presented in the learning modules for this course and answer the practice problems that follow most of the videos. These are tools for introducing you to the material and having that material as a reference for study. Please do not neglect either the videos or the practice problems. THE PRACTICE PROBLEMS COUNT TOWARD YOUR COURSE GRADE.
2. **Homework Exercises:** You have homework exercises that must be completed for each section that we cover in the course. You will complete those online through Webassign. Instructions for registering in and using Webassign are included on Blackboard. The homework assignments can be attempted as many times as you want before the week’s deadline. The highest attempt will count toward your course average.
3. **Weekly Quizzes:** By the end of each week of the course you will be required to complete an online quiz covering the sections from that week. The deadline for completing this quiz will be midnight on Sunday. You can take the quiz up to *three times* and your highest score will be counted. Each time you take the quiz, the questions could be randomly generated, but of the same type.
4. **Exams:** During the course, there will be two major exams: a Midterm and a Final. Each test will cover approximately half of the course. Both tests are to be taken **in person** at one of the external campuses or a testing center. They will be paper and pencil tests which will be sent to your instructor for grading. They must be **proctored** by an approved representative of the University. Online proctoring option is available for those unable to take the exam in person. More information will be posted in Blackboard.

## Assessment of Student Achievement: (cont.)

Practice Problems .....	5%				
Homework .....	15%				
Weekly Quizzes .....	20%				
Exams .....	60%				
A: 90 – 100	B: 80 – 89	C: 70 – 79	D: 60 – 69	F: Below 60	

In order to receive a grade of C or higher, in addition to getting an overall grade of 70% or better in the course, one must also receive a passing grade of 60% or better on at least one of the two exams. If a student fails both exams, the highest possible grade that can be earned (by having high homework and quiz scores, for instance) is a D.

Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Executive Vice President/Provost to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.

### Course Outcome Competencies:

1. The student will be able to solve linear, absolute value, and polynomial equations.
1. The student will be able to solve simple and compound inequalities.
2. The student will be able to derive linear equations and to understand rate of change.
3. The student will be able to perform algebraic operations on polynomials, including factoring.
4. The student will be able to use systems of equations to model real world situations.
5. The student will be able to solve systems of equations using a variety of methods.
6. The student will develop logical reasoning skills.
7. The student will develop algebraic techniques necessary for problem-solving and mathematical modeling.

**Statement on Plagiarism and Academic Dishonesty:** Wayland Baptist University observes a zero-tolerance policy regarding academic dishonesty. Per university policy as described in the academic catalog, all cases of academic dishonesty will be reported, and second offenses will result in suspension from the university.

**Disability Statement:** In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Coordinator of Counseling Services serves as the coordinator of students with a disability and should be contacted concerning accommodation requests at (806) 291-3765. Documentation of a disability must accompany any request for accommodations.

**Course Communication Policy:** Wayland email is the official method of communication between instructors and students taking courses through Wayland Baptist University. Students are required to establish and activate their Wayland email account. Instructors reserve the right to deny email from other sources.

It is important that you practice proper communication as it will be useful to you throughout your academic and professional careers.

- 1) Each email needs to have a subject, including the course name (MATH1300, MATH1304, etc.)
- 2) Each email needs a proper title (Dr. \_\_\_\_\_ )
- 3) Use complete sentences, proper punctuation, and check your spelling.
- 4) Do not use profanities or foul language.
- 5) Include your name in the signature.

Proper communication is vital to your success in school and your professional career.

“...But sanctify Christ as Lord in your hearts, always being ready to make a defense to everyone who asks you to give an account for the hope that is in you, yet with gentleness and reverence...”

1 Peter 3:15 (NASB)

### **Course Schedule (All times are for the Central Time Zone, so plan accordingly)**

#### **Week 1: March 27 –April 2**

Videos and Notes for Sections 7.1-7.3  
Homework Exercises Sections 7.1-7.3  
Weekly Quiz covering Sections 7.1-7.3

**Due by 11:59 p.m. on Sunday, April 2.**

#### **Week 2: April 3 – April 9**

Videos and Notes for Sections 7.4-7.5, 8.1-8.2  
Homework Exercises 7.4-7.5, 8.1-8.2  
Weekly Quiz covering 7.4-7.5, 8.1-8.2

**Due by 11:59 p.m. on Sunday, April 9.**

#### **Week 3: April 10 – April 16**

Videos and Notes for Sections 8.3-8.6  
Homework Exercises 8.3-8.6  
Weekly Quiz covering 8.3-8.6

**Due by 11:59 p.m. on Sunday, April 16.**

#### **Week 4: April 17 – April 23**

Videos and Notes for Sections 8.7, 9.1-9.2, 9.4  
Homework Exercises 8.7, 9.1-9.2, 9.4  
Weekly Quiz covering 8.7, 9.1-9.2, 9.4

**Due by 11:59 p.m. on Sunday, April 23.**

#### **Midterm Exam: Paper and Pencil exam (Proctored) (Covers Weeks 1-4)**

**This needs to be completed between Monday, April 24  
and Saturday, April 29.**

#### **Week 5: April 24 – April 30**

Videos and Notes for Sections 9.5, 10.1-10.3  
Homework Exercises 9.5, 10.1-10.3  
Weekly Quiz covering 9.5, 10.1-10.3

**Due by 11:59 p.m. on Sunday, April 30.**

#### **Week 6: May 1 – May 7**

Videos and Notes for Sections 10.4-10.5, 11.1  
Homework Exercises 10.4-10.5, 11.1  
Weekly Quiz covering 10.4-10.5, 11.1

**Due by 11:59 p.m. on Sunday, May 7.**

#### **Week 7: May 8 – May 14**

Videos and Notes for Sections 11.2-11.5  
Homework Exercises 11.2-11.5  
Weekly Quiz covering 11.2-11.5

**Due by 11:59 p.m. on Sunday, May 14.**

#### **Week 8: May 15 – May 20**

No assignments  
Study for the final exam  
Take the final exam

**Due by 11:59 p.m. on Saturday, May 20.**

#### **Final Exam: Paper and Pencil exam (Proctored) (Covers Weeks 5-8)**

**This needs to be completed between Monday, May 15  
and Saturday, May 20.**

The School of Mathematics and Sciences emphasizes a rigorous, ethical approach to the study of mathematics and science. We believe that success in these disciplines requires a broad base of content knowledge and the development of the critical thinking skills necessary for the ongoing acquisition, processing and communication of current subject matter. The activities of the School, both academic and professional, intentionally reflect the Lordship of Jesus Christ and His centrality to all of creation.

**Academic Honesty:** Disciplinary action for academic misconduct is the responsibility of the faculty member assigned to this course. The faculty member is charged with assessing the gravity of any case of academic dishonesty, and with giving sanctions to any student involved.

## Important Details

Here are a few VERY important details that you should make note of as you prepare to get the course underway:

1. The majority of the coursework – the homework and quizzes – will not be in Blackboard but instead at Webassign. However, your course on the Webassign site will be linked through your Blackboard account so that you do not have to log in to a separate website. Directions for registering for Webassign are provided on Blackboard, and you will always login to Webassign through Blackboard. To log in to Blackboard, go to <http://wbu.blackboard.com>. You need to set up your student account at Webassign before you begin any work in the course. Instructions for this will be given in Blackboard.
2. As part of this course, you will watch the series of lecture videos and work out practice problems following the videos. The videos and problems are on the Blackboard site. You will definitely need a broadband internet connection if you expect to watch the videos online.
3. You will need a proctor for the midterm and the final, which will both be pencil and paper exams (NOT ONLINE), taken in person. However, if you are not able to take the exam in person, you still have the option of taking the midterm and final online using Proctorio. To do so, you will need to have a computer with good internet access, a webcam so that you can be monitored during the exam, and pay the associated cost directly to Proctorio. Contact your instructor at least a week before the exam if you plan to do so.

If you live in a city with a Wayland campus, you must take the tests on that campus, so you do not need to submit a proctor request form. However, you should contact the campus the week before your test to arrange a date and time for you to take the test, to find out where the test will be administered, and to give them the course number (MATH1300 **VC01**) and instructor's name (Dr. Moore).

For the Plainview campus, contact the WBU Online offices at 800-203-9048.

For external campuses, see the listing at [this page](#) for contact information. If you cannot take the tests on a Wayland campus, you must have your proctor approved by Wayland before they can administer the tests. The proctor must be approved every term (but only once per term) even if they have proctored tests for Wayland in past terms. Commonly used proctors are librarians holding a Master of Library Sciences, authorized employees at U.S. Military Education centers, and college testing centers (like Sylvan Learning). See the proctor request form for more details. For tips on finding a proctor, go to [this link](#).

The proctor request form is located at [this page](#). Once the form is filled out, the proctor will receive an email requesting they provide certain information for verification. When the information has been provided, the Virtual Campus will approve or deny the request and will notify both the student and the proctor by email. **This entire process must be completed at least a week before the Midterm.** Do not forget to contact the proctor the week before the test to arrange a date and time and location (and to let them know the course number and instructor name).

Again, if you are not able to take the exam in person, you still have the option of taking the midterm and final online using Proctorio. Contact your instructor at least a week before the exam if you plan to do so.
