

**WAYLAND BAPTIST UNIVERSITY**  
**Virtual Campus**  
**School of Languages and Literature**

**Wayland Baptist University Mission Statement:** Wayland Baptist University exists to educate students in an academically challenging, learning-focused and distinctively Christian environment for professional success, and service to God and humankind.

**Course Name:** ENGL 5318 VC01 – Structures of Language

**Term and Year:** Summer 2018

**Full Name of Instructor:** Dr. Laura Brandenburg

**Office Phone and Email:** Phone: 806-291-1106  
(If I don't answer, leave a message.)  
Email: LBrandenburg@wbu.edu

**Office Hours, Building, and Location:** Online, various times and by appointment  
*Blackboard IM:* Tools > Blackboard IM  
*Username:* LBrandenburg

**Class Meeting Time and Location:** WBU's Virtual Campus: <http://wbu.blackboard.com>

**Catalog Description:** A study of the syntactic structure of the English language with a focus on the formal language rules and constraints.

**Prerequisite:** Advanced Standing

**Required Textbook and Resources:**

Carnie, Andrew. (2013). *Syntax: A Generative Introduction*. 3<sup>rd</sup> Edition. Wiley-Blackwell: Malden, MA.

**Optional Materials:** None

**Course Outcome Competencies:** Upon the conclusion of this course, students actively engaged in learning will be able to:

1. Understand the principles of generative grammar from the perspective of grammatical rules
2. Identify the parts of speech and know the difference between open and closed lexical classes
3. Know phrase structure rules for NPs, AdjPs, AdvPs, PPs, VPs, and clauses
4. Be able to draw trees to accurately reflect the constituency of the syntactic components
5. Understand binding theory and constraints on movement in syntax
6. Analyze syntactic data from various languages, namely English

The more the student puts into the course, the higher his or her outcome competencies will be.

**Attendance Requirements:** As stated in the Wayland Catalog, students enrolled at one of the University's external campuses should make every effort to attend all class meetings. All absences must be explained to the instructor, who will then determine whether the omitted work may be made up. When a student reaches that number of absences considered by the instructor to be excessive, the instructor will so advise the student and file an unsatisfactory progress report with the campus executive director. Any student who misses 25 percent or more of the regularly scheduled class meetings may

receive a grade of F in the course. Additional attendance policies for each course, as defined by the instructor in the course syllabus, are considered a part of the University's attendance policy.

*\*\* Because this is an online course and because we will not meet synchronously, your attendance for the course is largely dependent on your contribution to the discussion board's weekly topics and other participation grades. In keeping with the on-site attendance policy, failure to provide a full response for at least 25% of the discussion topics will result in an F for the course. \*\**

**Disability Statement:** "In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Coordinator of Counseling Services serves as the coordinator of students with a disability and should be contacted concerning accommodation requests at (806) 291- 3765. Documentation of a disability must accompany any request for accommodations."

**Academic Honesty:** Students are expected to submit original work in this class. While the exercises and homework may be collaboratively completed, students should be responsible for their own knowledge and contribution for every answer on every exercise or homework. Cheating or copying another student's work, even on informal assignments, will not be accepted—and cheating on quizzes and exams will not be allowed. Students who cheat, plagiarize, or recycle work in this class will receive a zero for the assignment and will be subject to university policies regarding academic dishonesty. (See full L&L Policy on Academic Dishonesty.)

**Due Dates and Late Penalties:** Assignments are due by 11:59 p.m. (Central Time Zone) on the date posted. Be sure that your clock matches the clock in WBU's Blackboard. All assignments must be submitted to the Blackboard site to receive a grade. These deadlines, like most deadlines in life, are not negotiable. *Any late assignment will receive a 20-point deduction per day late. Late assignments are not accepted after 5 days of the assignment's due date.*

If for any reason you have trouble submitting your assignment online, send me an email with the attached assignment (preferably in Microsoft Word or PDF) before the due date/time, with an explanation of the technical problem. I will note the submission time of the email in order to assess removing late penalties. You will be required to re-submit the assignment within 24 hours, or once the technical problem is resolved.

### **Expectations, Communication, & Other Information:**

While the nature of an online course allows students to work at their own pace, you are expected to keep up with the course materials weekly. *Please note: this is not a self-paced course.* This means that you should keep up with the readings and discussions posted each week and are responsible for turning in any assignments by the posted due date. Students who get behind in the weekly requirements will likely not do well in the course. Remember, also, that your attendance for the course is measured by your participation in the weekly discussions. Announcements and important information will be posted on the Blackboard site. Be sure to check the site often. Additional information may be sent to your WBU emails, so make sure you've set up a WBU email and are checking it often. Always feel free to email me or chat online anytime I'm signed on if you are concerned about the course or your progress. I am available to help you, provide resources, and give direction—but I cannot help you if I do not know you're struggling.

Students should contact me by using my wbu.edu email. I am also available on Blackboard IM (lbrandenburg) throughout the day and by appointment. I have an office on the Plainview campus, as well, so Plainview campus students can set up an appointment to visit with me there. Please note that the phone number listed in this syllabus is my office number, which may be checked periodically throughout the week, but the best way to get in touch with me quickly is likely through email.

### **Course Requirements and Grading Criteria:**

**Participation: (15%).** Students will be responsible for the reading prior to the assigned HW material. Your participation grade will also come from your responses to discussion posts in the discussion forum.

**Homework Assignments (50%):** Students will complete 9 HW assignments over the readings. These HWs will include problem sets or require critical thinking and discussion over the chapter. Each HW is worth a little over 5%.

**Article Critique: (20%).** Students will be required to write a summary and response to an article on a topic related to syntax. More information about the critiques will be posted in Blackboard.

**Final exam (15%).** The final exam will include questions over the readings and HWs and ask you to write an essay response based on your own opinion and critical thinking over various discussions in the course.

Policy 9.4.1: “Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Executive Vice President/Provost to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation”
