

Wayland Mission Statement

Wayland Baptist University exists to educate students in an academically challenging, learning-focused, and distinctively Christian environment for professional success, and service to God and humankind.

Contact Information

Course: HLAD 4339 <<VC01>> – Regulatory Aspects of Long-Term Health Care

Campus: <<WBUonline >>

Term/Session: <<Fall 2 2026>>

Instructor: <<Dr. John Phelps>>

Office Phone Number/Cell #: <<(806) 445-4134>>

WBU Email Address: <<john.phelps@waylnd.wbu.edu >>

Office Hours, Building, and Location: << Will meet by appointment and access email 2X daily >>

Class Meeting Time and Location: << Online instruction via Blackboard >>

Catalog Description:

Review of applicable state and federal laws pertaining to licensure and standards of participation for skilled and intermediate care facilities, business laws pertaining to long-term care administration.

Prerequisite:

None

Textbook Information

Required Textbook(s) and/or Required Materials:

BOOK	AUTHOR	ED	YEAR	PUBLISHER	ISBN#
<u>Nursing Home Federal Regulations</u>	Allen	8th	2015	Springer Pub. Co	9780-82617-1245

*This course is part of the **Pioneer Academic Access Program**. You will have access to an eBook, access code, and interactive learning material on the first day of class through your Blackboard course site. You will be notified via email with access instructions and additional information. If the course requires a physical book you can order at bookstore.wbu.edu. You can choose to opt-out, however if you do you will lose access to **EVERY class/material** and have to source through third party vendors.*

Optional Materials: <<None>>

Course Outcome Competencies:

- Demonstrate a basic understanding of the theories of aging.
- Define the intent and purpose of rules and regulations in long-term care.
- Explain the nursing facility regulatory and survey process.
- Explain the resident assessment instrument.
- Identify the issues of resident rights, abuse, and neglect.

Attendance Requirements

<<

WBUonline

Students are expected to participate in all required instructional activities in their courses. Online courses are no different in this regard; however, participation must be defined in a different manner. Student “attendance” in an online course is defined as active participation in the course as described in the course syllabus. Instructors in online courses are responsible for providing students with clear instructions for how they are required to participate in the course. Additionally, instructors are responsible for incorporating specific instructional activities within their course and will, at a minimum, have weekly mechanisms for documenting student participation. These mechanisms may include, but are not limited to, participating in a weekly discussion board, submitting/completing assignments in Blackboard, or communicating with the instructor. Students aware of necessary absences must inform the professor with as much advance notice as possible in order to make appropriate arrangements. Any student absent 25 percent or more of the online course, i.e., non-participatory during 2 or more weeks of an 8-week session, may receive an F for that course. Instructors may also file a Report of Unsatisfactory Progress for students with excessive non-participation. Any student who has not actively participated in an online class prior to the census date for any given session is considered a “no-show” and will be administratively withdrawn from the class without record. To be counted as actively participating, it is not sufficient to log in and view the course. The student must be submitting work as described in the course syllabus. Additional attendance and participation policies for each course, as defined by the instructor in the course syllabus, are considered a part of the university’s attendance policy.

University Policies

Academic Integrity:

[Link to Statement on Academic Integrity](#)

Artificial Intelligence: **Generative AI tools usage encouraged and may be actively assigned in coursework.**

- i. Use of generative AI tools is actively encouraged and incorporated in to specific assignments for this course.
- ii. Use of generative AI tools for assignments in brainstorming, content understanding, or revision to work is perfectly acceptable if cited and referenced properly in any submitted work for the course.
- iii. Use of generative AI is encouraged as long as students understand the use of generative AI in the course is to be an assistance tool and not the generator of assignments and submitted work. Ultimately, all submitted work must still reflect student’s own work, understanding, and analysis.
- iv. Specific parameters for generative AI usage provided by the instructor.

- v. Any use of generative AI tools outside of the approved instructor parameters will be considered a form of plagiarism and academic dishonesty.

Disability Statement: In compliance with the Americans with Disabilities Act of 1990 (ADA), it is the policy of Wayland Baptist University that no otherwise qualified person with a disability be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity in the university. The Disability Services Coordinator and Academic Coach serves as the coordinator of students with disabilities and must be contacted concerning accommodation requests. Office: (806) 291-1057. Documentation of a disability must accompany any request for accommodations.

Course Requirements and Grading Criteria

<< **Discussion Board Forum:** The weekly discussion board assignments will have a deadline of Wednesday and Sunday due by 1159 p.m. CST of the assigned weeks. This class requires active class participation. **You must make substantive contributions** to the threaded discussion each week. Respond to some or all the starter questions and additional responses from your classmates to make at least 1 post each discussion assignment. You can either support or refute the observations or hypothesis presented.

Exams: A mid-term exam will be given the 4th week of class and the final exam given on the last week of this course. These examinations will be unique for this course and in essay form.

Research Paper: An in-depth term paper project must also be developed on an approved topic encompassing extensive library and Internet research. Topics for papers must be pre-approved by the professor. **All papers must be written using the APA style.** The paper should be a minimum of five pages of content, excluding cover sheet, abstract and references, and should utilize at least ten scholarly references. A simple compilation of the authoritative works on a subject will be necessary but insufficient to properly complete the project. A thorough analysis of the subject must be made with conclusions developed by the student. This paper is due no later than the seventh week of the scheduled term and will be worth 20% of the student's final grade. The paper will be submitted via SafeAssignment and via e-mail.

Grading Criteria:

Participation in Discussion Board	60%
Paper	20%
Midterm	10%
Final	10%

Other Important Information:

1. Assignments are due on the deadlines given when the assignment is posted.
2. **No assignments will be accepted after due date.**
3. Written work, including the term paper, is graded based on content first, but also on the quality of grammar and punctuation.
4. All written assignments should be 12-point type, double-spaced, and using APA Manuscript Writing Style.
Questions concerning grades received should be resolved within one week after the assignment has been returned.
6. Unless noted as a group assignment, all work should be original work of the individual student.
7. Academic honesty is expected of all students. Plagiarism, cheating, and other acts that lack academic honesty may result in a zero on the assignment.

8. Students will need to use the Internet to access some assignments.
9. Always contact the professor if you need assistance.>>

Student Grade Appeals: Students shall have protection through orderly procedures against prejudices or capricious academic evaluation. A student who believes that he or she has not been held to realistic academic standards, just evaluation procedures, or appropriate grading, may appeal the final grade given in the course by using the student grade appeal process described in the Academic Catalog. Appeals may not be made for advanced placement examinations or course bypass examinations. Appeals are limited to the final course grade, which may be upheld, raised, or lowered at any stage of the appeal process. Any recommendation to lower a course grade must be submitted through the Vice President of Academic Affairs to the Faculty Assembly Grade Appeals Committee for review and approval. The Faculty Assembly Grade Appeals Committee may instruct that the course grade be upheld, raised, or lowered to a more proper evaluation.

Tentative Schedule

<<

Week	Activity	Materials Covered
1 Monday 12-OCT	Introduction/Syllabus review Basis and Scope, Definitions, Resident Rights Admission, Transfer, and Discharge Rights Resident Behavior and Facility Practices Discussion Board Forum	Syllabus pp. 3-53
